Dear Parent/Guardian,

USE OF THIRD PARTY WEB BASED EDUCATIONAL SERVICES – PERMISSION TO ACCESS FLIPGRID

Your child’s class would like to use the Flipgrid app this year. Flipgrid is a video discussion community for the classroom that uses the “flipped” teaching approach, engaging students in online conversations focused around a particular topic of learning. We hope that this will build a deeper connection between students and the teacher, and empower student voice, giving students a greater opportunity to share their opinions and thoughts with others.

As our school wishes to register with a web based service provider that requires some personal information about a student in your care, we are obliged under the Commonwealth Privacy Act (1988) to advise you of the reasons for collecting the information, what will be done with it and who else may have access to it. We are also required to seek your written permission after notifying you about the provider’s privacy terms and conditions. Please read the information below carefully and return the signed form to the school if you agree to the service providers’ conditions and give permission for your child to access this service.

Flipgrid provides a private sharing community where teachers and students can video themselves, sharing ideas with classmates and their teacher. It promotes student voice and protects student privacy and safety by giving teachers full control of how student information is shared. This is a forum for positive and constructive discussion and will be closely monitored by the teacher moderator. We recommend that you take a few moments to familiarise yourself with the website and what it has to offer.

Yours sincerely,

Louise Owens
Principal
