

31 March 2022

Dear Parent/Carer (Year 5),

As you will be aware students use a combination of school Chromebooks and their own devices in the classroom for learning.

For some time now we have been considering how to provide equitable access to devices for senior students. We have recently been placed in a position where we are able to trial a device rental model, offering year five students who do not have access to their own device the opportunity to use a new Chromebook, both at school and at home. This trial has been approved by the School Board and, if successful, will be rolled out to all future year five students.

Students may rent a new Chromebook for the duration of year five and year six. If you would like to take up this opportunity for your child, please complete the attached rental agreement and return it with payment to the school. Your child will then be given a new Chromebook and charger to use both in the classroom and at home for learning.

The cost of rental will be \$100 per year.

Please note: Devices will continue to be available in the classroom for students who do not wish to take up this offer or forget to bring their device to school.

Kind regards

Louise Owens (Principal)
