

Dear Neighbour of Red Hill Primary School,

I am writing to inform you that on 22 March 2023, the Education Directorate will begin landscaping work at Red Hill Primary School. The work includes installation of a new all-weather playing field to the school oval. Rejuvenating this part of the oval will provide an improved facility for the school and the local community. The work will last approximately six weeks (planned works are shown in the image below).

The safety of students, staff and the community are paramount. The area will be cordoned off during the works. The existing turf playing field will remain available for community use during this time.

With any building works, there may be an element of noise and disruption and the Directorate works with contractors to ensure any work is completed with minimal disruption to the school and the community. All contractors engaged are licenced and highly reputable.

If you have any questions about the works, please email ACT.Education@act.gov.au.

Yours sincerely

John Nakkan
Executive Branch Manager
Infrastructure and Capital Works
Education Directorate
March 2023
